***FOR IMMEDIATE RELEASE***

**Industry Veteran Joins National Tax Search as  
Director of Sales and Business Development**

Chicago, IL - (October 2, 2006) -- **National Tax Search, LLC** (NTS), a nationwide provider of property tax management services, has announced the addition of Ginger England to the company's leadership team. Ms. England assumes her role as Director of Sales and Business Development immediately and will help drive the company's overall growth strategy. She will focus on expanding the firm's commercial property tax management client base, and provide NTS with operational input and strategic recommendations to further accelerate market penetration in the segment.

"National Tax Search offers tightly integrated tax management processes, innovative technology and superior customer service to deliver a one-of-a-kind solution," said Ms. England. "Its commercial tax management capabilities are second to none, and the company is highly respected in the industry. I look forward to helping NTS continue its impressive growth record," said England.

"With over 18 years in the residential and commercial tax service and mortgage banking industry, Ms. England brings a keen understanding of client needs and challenges to her role at NTS," said Lori Eshoo, president and CEO of National Tax Search. "NTS is committed to employing strong leaders with exceptional expertise, and Ginger's background and enthusiasm for the industry is ideal for this position."

Ms. England's background includes her role as vice president for Global Realty Outsourcing. During her tenure there, she was responsible for Wachovia Securities Commercial Tax and Escrow Administration Areas along with overseeing on shore/off shore business process outsourcing (BPO) for commercial servicing in Chennai India.

Additionally, Ms. England served as vice president of commercial tax services and client relations for a large commercial tax service company. In that role, she serviced property accounts for more than 300 commercial mortgage companies, providing onsite consultation and helping to design process improvements.

“This is an exciting time for our company with many new business opportunities on the horizon,” said Ms. Eshoo. “We look forward to working with Ginger to accelerate our growth and achieve our business objectives”.
